

Favor TechConsulting, LLC (FTC) is seeking a Business Analyst/Subject Matter Expert to work at a Federal space in Alexandria, VA. The position provides the opportunity to work on the design, development, and management of cutting-edge technology as part of a collaborative multi-vendor team supporting a national security customer. The ideal candidate must have significant experience implementing Agile/Scrum practices in support of IT development efforts and providing performance and status metrics to executive leadership. The candidate must be familiar with established Agile/Scrum performance metrics with the ability to tailor custom reports and dashboards for project management and executive tracking.

Essential Job Functions & Responsibilities

- Consolidate information into cohesive and understandable correspondence or other written form for use in management decision-making
- Applies principles and methods of the subject matter to specialized solutions
- Conduct research, data gathering, and technical reviews
- Develop an understanding of assigned projects and technology from business and technical perspective in order to make appropriate judgments about best and most appropriate solution
- Lead group discussions and incorporate group feedback into deliverable content, as appropriate
- Produce written deliverables to include reports, spreadsheets, and databases
- Exposure to visualization software is a plus, but not required
- Knowledge of Agile Methodology is also a plus, but not required
- ScrumMaster and PMP Certification is a huge plus

Required Minimum Qualification

- 5-10 Years of experience with a Bachelor's Degree
- Active or able to obtain a DHS/CBP security clearance
- Demonstrated experience using Agile methods like Scrum and Kanban
- Experience interacting with Executives
- Experience working with Government Agencies

Desired Qualifications

- Atlassian suite (JIRA & Confluence) knowledge
- Experience facilitating JAD sessions
- Modeling or visualization (e.g. iRise, Axure) experience
- Ability to lead teams

In addition, U.S Citizenship is required. Applicants selected will be subject to a government security investigation and must meet eligibility requirements for access to classified information and be able to obtain a government-granted security clearance. Individuals may also be subject to a background investigation including, but not limited to criminal history, employment and education verification, drug testing, and creditworthiness.

Favor TechConsulting is an Equal Opportunity Employer. Qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, national origin, marital status, disability, veteran status, sexual orientation, or genetic information.
